Water Meter Change Out Project Has Begun!!!!

All Water Meters in the City of Erin Water System will be replaced with AMR Meters. **Automated Meter Reading (AMR)** is a radio read device that will let the meter reader simply drive past the location. A special device located on the meter sends a signal that is picked up by the equipment in the meter reading truck.

The Contractor for this project is:

McLemore Water Service
103 Chalford
Lebanon, TN 37087

Office 615-449-9356
Mobile 901-337-4753
<http://mclemoreservice.com>

City of Erin Utility personnel and/or the Inspector from Goodwyn Mills and Cawood will also be on site

REMEMBER
City of Erin
Ordinance 589

AN ORDINANCE OF THE CITY OF ERIN TENNESSEE ESTABLISHING A WATER METER POLICY STATEMENT.

Section 2.General: The intent of this policy is to establish requirements related to the installation and use of the City of Erin Water Meters.

Portion of as follows:

#3 The following requirements are made effective to all water customers of the City of Erin Water System:

- All water meters shall be set or reset by the City of Erin Public Works Department or a City approved contractor. Any other person removing or **tampering** with the **City water meter** will **be subject to fines and penalties as established herein**. Theft of city water will be subject to action as determined and prosecuted by the City attorney in addition to a fine for each time of such theft as established herein.
